Minutes of the General Committee Meeting held on July 4th 1995.

Present: Graham Parkes (Chair), Eileen Bateman (Treasurer)
Robin Lansley (Sec), 3 Executive members + 14 members.

Minutes of the last meeting: Agreed + signed as a true record.

Matters Arising: ① It was regretted that it had been necessary to postpone the second redecoration session. ② There was an even greater need for Evening Wardens.

Financial Matters. The Treasurer explained that there had been difficulties in activating the accounts as the Building Society had made it extremely difficult to change signatures to the accounts. An up-to-date financial statement would be presented at the next meeting.

Building Plans: The Chair explained the current situation with the plans for the new building. The Building Committee had meetings with the

Architect and it is hoped that a final version will be available shortly. Planning approval would be sought and the final plans submitted. The question of raising the finance will then be paramount.

Issues from Members.

Questions of maintenance were raised

- ① The condition of the toilets.
- ② The kitchen floor needs maintenance.

There being no other business the meeting closed,
at 9.05 pm.
